Dan and Andy visited our school to provide an on-site residential that proved a huge success. Their enthusiasm and energy were limitless and they were hands on from the moment they arrived to the moment they left. They ran a professional, safe and incredibly fun 2 days where the pupils were able to experience a residential in a safe and familiar environment. I would whole-heartedly recommend this company and will be booking again for next year.

The Royal School had a terrific experience with Everyone's Adventure! The staff were delightful & were really good with the pupils. It was a slick operation & certainly a company we will look to continue to work with.

An absolutely brilliant company. The staff delivered 3 activities- pioneering, battlefield live and bushcraft to 60 of our year 6 children as part of a fun week, all of which were engaging and fun for the children. The staff's manner with the children was excellent and really encouraged them to give everything a go. A fantastic company, would truly recommend.
